## ***Congratulations and Thank You Dale*** ***for 30 Years of Dedicated Service To Our Community***

After 30 years of making deliveries, handling the mail and working with the photocopier, Dale Kennedy will soon be retiring from his work with The City of Fredericton. Dale has become a symbol to many of the potential of all individuals and the success that can come from dedication and effort.

"There is no doubt that over the past 30 years, we have been enriched by having Dale work with us here at the City of Fredericton. His enthusiasm to help and his cheery hellos have brightened all our days. We wish him every success as he settles into retirement."

- Mayor Brad Woodside

"Dale should be proud of his achievement. We have held up Dale and The City Of Fredericton over many years as an example of how our programs can work. People with complex needs and their families have seen Dale in the community working in a key role with an organization and may have thought - that could be me, my son or my daughter. Potential employers have seen Dale working in the community as well. This could very well have positively impacted their decision to hire. " Jobs Unlimited

"The value and importance of Dale having been employed with The City Of Fredericton for these 30 years is really hard to measure - it has meant so much to all of us. If Dale hadn't been working so meaningfully, his daily life would certainly be less fulfilling from a social perspective as well as his sense of self-worth and independence. " Dale's Family

Please join us in congratulating Dale on his well-deserved retirement and thanking him for his years of dedicated service to The City Of Fredericton and the community.

Jobs Unlimited - the employment agency for adults facing employment barriers. Established in and unique to the Fredericton community - Jobs Unlimited makes a difference in people's lives by providing support to individuals (some with complex needs) seeking and maintaining employment. As a charitable not-for-profit organization, Jobs Unlimited serves several hundred individuals and their families in the community.
